Overview

FB4 NODE re-integrates the FB4 circuit and all connection interfaces into a compact unit, allowing easy handling and convenient operation of this most popular laser controller of the day.
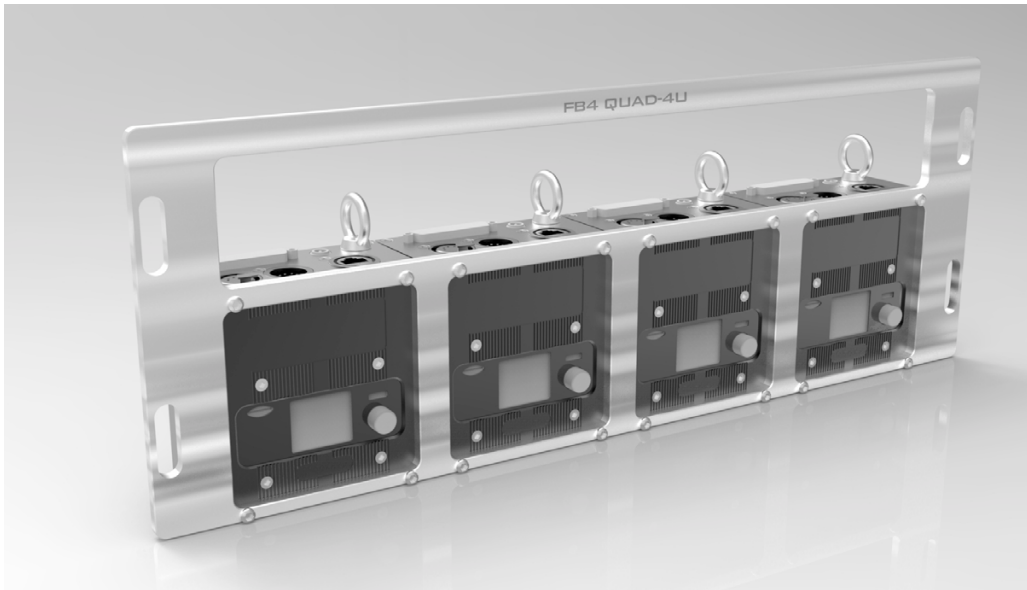

All interfaces located on top panel allowing convenient operation and cable routing, also possible for rigging on the truss.

Interfaces

ILDA out	DB-25 pins
Ethernet	Neutrik Ethercon
DMX in and out	XLR 5-pins

ABLE LASER TECHNOLOGY
3 Floor, Tower C, Huaming Industrial Park, Huanjiao Village, Shijing Town, Baiyun District, Guangzhou, China
TEL : +86 20 3639 7412 FAX : +86 20 3639 7413

Optional Parts

QUAD-4U Rack Mount Panel

Electric

Hi-Quality Power AC-DC Adapter   12V DC (Served in the package)

Physical

L * W * H :   106mm * 60.5mm *102mm (Without Safety hook)

Housing Materials :   Anodized Aluminum

Packaging :   Flight case

* The above specifications subject to change without prior notice
